

Dates Washing & Drying Line

The washing line is equipped with shakers fitted with water sprayers to remove dust and impurities, along with powerful air fans to enhance drying efficiency. It also includes a dry-air tunnel to ensure optimal date drying, as well as a manual sorting conveyor to carefully select the fruits, guaranteeing the highest quality standards.

Model	BDW500	BDW1000
Machine Dimentions LxWxH (M)	19x1.2x2.5 m	19x1.8x2.5 m
Production Capacity (Kg/Hr)	500	1000
Power Supply	3PH-50Kw-50~60Hz	3PH-65Kw-50~60Hz
